Matt,
 Thanks for getting this out. It looks good.
 Monarch will likely be pulled back a bit more for flood control. I will have more later.
 Thanks.

Hi Michael, Tom and Diane,

Per our discussion last week Michael, please find the attached draft presentation outlining materials and maps we propose for the June 24 public availability session. Several items we would like to discuss on a follow up conference call include:

- Public availability session format (presentation, stations)
- Time anticipated for reuse portion of presentation
- Gather comments on draft materials
- Other items?

We look forward to speaking with you later in the week. Feel free to contact me at 434-975-6700 x278 with any questions.

Thank you.
